

Introducing the EVGA GeForce GT 730

- **Wednesday, June 18, 2014** – Speed up your PC experience when you upgrade from integrated graphics to the new NVIDIA® GeForce® GT 730 dedicated card. Enjoy all your videos and pictures at HD resolutions, with faster video editing, faster photo editing, and faster web browsing compared to integrated graphics. Discover faster gaming performance than integrated graphics, making all your gameplay richer and smoother. You can even get the latest drivers and optimise game settings with a single click using GeForce Experience™. The GeForce GT 730 is everything you need for a better, faster PC experience.

- Available in 1GB and 2GB versions in both GDDR5 and DDR3
- Available in low profile and full height
- Single slot versions available

The EVGA GeForce GT 730 is available immediately. Find out more at:
