

## Introducing the EVGA GeForce RTX 2060 KO Graphics Cards

**- Friday, January 10, 2020 –**

### Introducing the EVGA GEFORCE RTX 2060™ KO

The new EVGA GeForce RTX 2060™ KO enters the ring with a ONE-TWO Punch to any contender willing to step in. EVGA GeForce RTX 2060 KO and RTX 2060 KO ULTRA are the new editions to EVGA's RTX line up.

Experience superior cooling, superior overclocking, and superior performance.

### Powered by NVIDIA® Turing Architecture

GeForce® RTX graphics cards are powered by the Turing GPU architecture and the all-new RTX platform.

This gives you higher performance compared to previous-generation graphics cards and brings the power of real-time ray tracing and AI to games.

### RTX ON

See every game come alive with ray tracing that delivers physically accurate shadows, reflections, and lighting. And tap into Tensor Cores for super-powerful AI-processing. Advanced memory, performance boosts, and processing technologies make these GPUs the perfect weapon for hardcore gamers....

### All Metal Backplate, Pre-Installed

### EVGA PX1

Introducing EVGA Precision X1. With a brand new layout, completely new codebase, new features and more, the new EVGA Precision X1 software is faster, easier and better than ever.

The new EVGA GeForce RTX 2060™ KO is here to knock out the competition at a value you cannot pass up.
