

EVGA SuperNOVA 1000, 850, 750 T2

- **Tuesday, January 12, 2016** – The unmatched efficiency and performance of EVGA SuperNOVA T2 power supplies are now available in 1000, 850 and 750 watt formats. These units feature an unbelievable 94%+ efficiency, along with EVGA ECO mode to deliver absolutely zero fan noise during low to medium load operations. Backed by an award winning 10 year warranty, and 100% Japanese capacitor design, the EVGA SuperNOVA T2 series deliver unbeatable performance.

New and Key Features:

- Unbeatable Titanium Performance – 94% efficiency or higher under typical loads and highest quality Japanese brand capacitors ensure long-term reliability.
- Whisper Silent – The EVGA ECO mode feature ensures that the power supply stays completely silent during low to medium loads. The fan does not spin until necessary, allowing for completely silent operation!
- 100% Modular Design – FULL modularity enables you to use only the cables you need helping to improve case airflow, eliminate unnecessary wires, and best of all, reduce cable clutter.
- 10 Year EVGA Warranty – Unmatched EVGA Warranty, giving up support for 10 Years!
