

EVGA Announces the EVGA GT 520!

- Tuesday, April 12, 2011 –

Make Your Video Experience Better

Whether you stream 1080p online videos from sites like YouTube(R) or Hulu(R) or prefer immersive Blu-Ray 3D(TM) movies, the power of the GeForce(R) GT 520 GPU makes your video playback fast and smooth.

In addition to rendering your high-res photos instantly, the EVGA GeForce(R) GT 520 also speeds up the editing of your videos. And when you share your photos and videos online, you'll enjoy a richer web experience with GPU accelerated browsers like Google Chrome(TM) and Internet Explorer(R) 9.

Go beyond photos and videos and take your gaming to the next level. With the EVGA GeForce(R) GT 520, your favorite DirectX11 games come to life with lifelike characters and incredibly detailed terrain and game environments.

New and Key features introduced on the EVGA GT 520:

- * DirectX 11 Support Done Right
- * Blu-ray 3D Support
- * NVIDIA CUDA Technology
- * NVIDIA PhysX Technology
- * TrueHD and DTS-HD Audio Bitstreaming
